

CONDITION OF READINESS (COR) I Voluntary Evacuation Underway

If you choose to evacuate, proceed immediately to local shelter or safe haven area.

Monitor bulletins on local television, radio stations and Community/Installation communications for further instructions.

- Act immediately and in daylight if possible; DO NOT BECOME STRANDED!
- Remove items from the floor and place them as high as possible.
- Wrap or store items subject to water damage in watertight containers.
- Pack sufficient clothing for at least five (5) days.
- Empty refrigerator and freezer; you will be responsible to clean your refrigerator upon your return.
- Take your emergency supply kit.
- Notify the Community Management Office that you are following the evacuation order and that the office has your correct contact information. We will communicate with you utilizing the One-Call Now communication system.
- Turn off main switch for utilities such as gas, water and electric (consider this a last-do item for refrigeration purposes). Unplug electrical equipment such as radios, televisions and small appliances.
- Ensure that you have a full tank of gas and your tires have been checked.
- Listen to a radio (battery-powered) and follow local evacuation instructions.
- Leave early enough to avoid being trapped by severe weather.
- Take your pets with you, but understand that only service animals may be permitted in public shelters.
- Secure your home by closing and locking doors and windows.
- Follow recommended evacuation routes. Do not take shortcuts; they may be blocked.
- Be alert for road hazards such as washed-out roads or bridges and downed power lines. Do not drive into flooded areas.
- Do not attempt to move obstructions (especially downed wires) from the road.
- Due to the voluntary evacuation, the Community Management Office may have altered operating hours which will be communicated when changes are made. As always, if you have a maintenance emergency after hours, please contact the afterhours maintenance line and we will respond to all calls once it is safe to do so.
- Please utilize caution in all that you do and please be safe.
