GENERAL INFORMATION

PRIVATIZATION

The Air Force has entered in to a 50-year ground lease with AETC Housing LLC (Owner). AETC Housing, LLC will design, construct, own, operate and manage the housing at Tyndall Air Force Base.

The goal is to provide quality, affordable housing for the service members and their families living at Tyndall Air Force Base.

Balfour Beatty Communities (Landlord), in partnership with the Air Force, is proud to take care of the Tyndall Air Force Base resident's family housing needs.

MANAGEMENT OFFICE HOURS

The Management Office will be open Monday through Friday from 8:00 am – 5:00 pm. Our office will also be open until 7:00 pm every Wednesday. After hours, an answering service is available to leave non-emergency messages.

RENTAL RATES AND PAYMENT

The Resident will pay the amount of Rent specified in the Lease. Rents will be collected by payment as described in the Lease. Should the Lease term begin other than the first day of the month, residents will be required to make the partial month's rent payment via a money order or credit card at the time of signing the Lease.

RENTER'S INSURANCE

The Landlord does not provide any type of insurance for the Resident. We recommend and highly encourage Residents obtain adequate insurance coverage of their personal property for protection against possible damage or loss to such items as furniture, clothing, jewelry, vehicles and recreational equipment. Living without insurance could have a devastating impact on you and family.

MOVE-IN

Once a home has been assigned, the resident will be given a confirmation letter showing the house number and the move-in date so this information can be provided to the Transportation Office and the move can be scheduled.

On Move-In date, the resident will be given a housing orientation. This will consist of an explanation of the terms of the Lease, instructions on placing a service request, an overview of the Resident Guide, and an explanation of the Property Condition Report.

The resident will be given the option of signing a “Release to Enter” which will authorize service requests to be performed without the resident or a designated representative being at their home for the requested work and further agreeing to isolate any pets to a room in the home that will not be accessed by the maintenance personnel. Otherwise, a time to perform the work will be scheduled by the Community Management Office.

A Community Management person may accompany the residents to their home, complete the Property Condition Report, provide instructions on the operation of appliances, and point out the location of thermostats, smoke detectors, range hood fire suppression system (installed in some homes) circuit breakers/fuse boxes, and water shut-off valves.

USE AND RESIDENCY

Only the listed residents shall personally use and occupy the premises and will do so solely as a private dwelling. The resident agrees that the number of residents will not exceed the number and names shown on the Lease. Residents must notify the Community Management Office if a family increases in size due to an event such as the birth of a child, adoption of a child or addition of a recognized dependent. Community Management will update their records to reflect the correct family size.

In the event that any person using the premises or visiting the same suffers any fall or other injury, such person shall report to Community Manager the date, time, place and conditions of such occurrence and the names of all persons who witnessed the same. Such report shall be given no later than the next business day after the event has occurred.

COMMUNITY POLICIES ENFORCEMENT

By signing the Lease, residents have agreed to abide by its terms, including the provisions in the Resident Guide. Residents are also required to comply with all applicable laws, regulations, policy letters and orders. Civilian residents who reside with residents are also subject to both terms of the Lease, the Resident Guide, and applicable laws and regulations while in Tyndall Air Force Base family housing. Residents are subject to criminal prosecution for violation of applicable laws or regulations such as vandalism or theft. As a result of these violations, Tyndall Air Force Base command authorities may also deny or limit access to the Tyndall Air Force Base. These violations may also be considered a breach of the Lease, resulting in its termination.

Notice of Violations

Community Management may issue notices for violations of obligations under the Lease or Resident Guide. For more serious violations, a termination of the Lease may occur without previously issuing notices of violations. Serious violations will be reported to the Installation Command and the Residents' chain of command.

Community Management may likewise choose to issue citations and warning letters or take more serious action, depending on the severity of the violation and the number, if any, of previous violations.

Community policies enforcement is as follows:

- A Discrepancy Notice will be issued for minor violations such as failing to cut back yard, place trash in proper areas, parking violations, etc. These types of violations require correction within two (2) days of receipt of the notice. Failure to do so will result in a formal letter of Caution.
- A Letter of Caution will be issued for a resident's first major violation such as disturbing neighbors, damaging property, etc. Resident will have two (2) days from receipt of letter to correct the violation. Should resident fail to correct the violation within two (2) days, a Letter of Warning will be issued.
- A Letter of Warning will be issued for a resident's second violation of any nature. Resident will have two (2) days from receipt of letter to correct the violation. Should resident fail to correct the violation within two (2) days, a Letter of Termination may be issued to the resident.
- A Letter of Termination of Residency will be issued for a resident's third offense of any nature. Resident will have thirty (30) days in which to vacate the home.

Based on the nature of the incident and any other documentation contained within the resident's file, the Community Manager will determine the appropriate Letter of Caution, Warning or Termination of the Lease to issue.

Blatant disregard for the rules and regulations of Tyndall Air Force Base by any resident, regardless of the number of warnings previously received, is grounds for the termination of the Lease.

MOVE-OUT

Move-out will occur under the following conditions:

- a. At retirement or separation of the resident.
- b. At Permanent Change of Station (PCS) of the resident.
- c. As directed by the Installation Commander.
- d. If the resident becomes ineligible to remain in housing, the home will be vacated immediately.
- e. Resident requests to vacate housing and move, provided their initial Lease term has been fulfilled and they have given 30 days written notice to Community Management Office.
- f. If prior to the expiration of their initial Lease term, the resident will provide thirty (30) days notice, remit rental payments through that thirty (30) day notice period and pay a fee equal to one month's rent to cover the landlord's costs to re-let the home.
- g. Resident qualifies for a change in housing due to a change in their military status or in the size of their family. In those cases, the resident may submit a new application for appropriate housing in accordance with assignment policies. The move will be at the residents' expense.
 - a. In the case of promotion or demotion to a different grade, the Rental amount will be adjusted to the new BAH level. Additionally, the move to a new home will be solely at the cost of the Resident, including transportation expenses, utility reconnection fees, and cleaning or damage costs incurred by Landlord, plus a \$300 transfer fee
 - b. In the case of changes to the size of Residents family, the move to a new home will be solely at the cost of the Resident, including transportation expenses, utility reconnection fees, and cleaning or damage costs incurred by Landlord, plus a \$300 transfer fee

In these cases, the resident must submit a new application for appropriate housing in accordance with assignment policies. Again, the move will solely be at the Residents' expense.

Move-out Inspections

A minimum of thirty (30) days written notice must be provided to the Community Management Office. In addition to the notice, if the Lease is being terminated prior to the expiration, a copy of orders must accompany the notice or termination fees may apply.

Upon receipt of the above information, Community Management will provide the resident with written instructions on minimum standards of cleanliness and conditions that are required when returning the home.

The resident may schedule a pre move-out inspection. The purpose of this inspection is to make the resident aware of any items that will not meet standards prior to moving. The Property Condition Report that was completed at move-in will be referenced when performing this inspection. Charges will be assessed for any visible items that are not as a result of normal wear and tear. The resident will be made aware of the amount of charges that will be assessed if the damages are not repaired and any additional damage charges may be assessed at the final move out inspection.

In the event the resident elects to have the home cleaned by a Balfour Beatty Communities approved service contractor, the resident may contract with Community Management to do so. The resident will give a money order for the cost of cleaning to the Community Manager at the time of the move-out inspection.

An appointment for a move-out inspection must be scheduled no later than ten (10) working days prior to date of move-out. If there are damages to the home, the resident may elect to pay for the damages by certified funds (money order/credit card) or correct the deficiencies at standards of acceptable quality within 24 hours. A second move out inspection will be performed 24 hours after the move-out inspection. If damages are not corrected at that time, payment will be due immediately.

Any damage charges that total more than \$300 will be documented with photographs.

Abandonment

If the Community Manager is informed of or discovers a home that has been abandoned by the resident, the Community Manager will notify the Resident's Command and request a determination of status of the resident. If it is determined that the home is indeed abandoned the Community Manager will take appropriate action in accordance with applicable law. Manager will contract for cleaning and arrange for Change of Occupancy Maintenance for the home in order to return it to service. The abandoning Resident will be charged for this service, any unpaid rent, termination fee and damages to the home, over and above, normal wear and tear. The Manager will seek reimbursement through normal collection procedures which commence with demand letters and escalate to placing the account with a collection agency.

TERMINATION OF THE LEASE BY MANAGEMENT

In severe cases, the Community Manager will advise the Commanding Officer that Termination of the Lease be mandated immediately and issue a notice to the Resident.

In egregious cases, or due to serious offenses or acts of misconduct, or where a persistent pattern of misconduct occurs, which are contrary to the safety and welfare of others, resident's actions may result in a termination of the Lease.

If the violation is of a severe nature that constitutes a threat to the safety and/or welfare of the resident or the community, then no Letter of Caution will be necessary and the Community Manager will issue a Letter of Warning.

Examples of severe violations, which are contrary to the safety, and welfare of other residents, include but are not limited to: domestic disturbances, felony convictions, spouse or child abuse, and destruction of property. In the event of a second violation related to the warning, the Community Manager will issue a Letter of Termination of the Lease.

In the event the Installation Commander bars a resident service member from Tyndall Air Force Base, the Landlord may initiate eviction proceedings.

EXCEPTIONS TO OCCUPANCY POLICY

Under the following circumstances, Residents may request an exception to the occupancy policy for family members to remain in housing:

- Residents in receipt of Unaccompanied Dependent Tour (UDR) orders.
- Residents in receipt of Overseas Accompanied Permanent Change of Station Orders.
- Residents in receipt of PCS orders with Temporary Additional Duty (TAD).
- Death of Active Duty Residents¹

Requests must be made by submitting a Request for Exception to Policy Form to the Community Manager, no less than thirty (30) days prior to the detachment. Any approvals will be contingent upon the Service Member signing a Lease Addendum detailing the conditions of the policy exception and providing the name of the designated family sponsor for this period. Additionally, the service member's chain of command must concur with the request for retention of housing.

Requests from residents who have had incidents involving misconduct either by themselves, their family members or guests, or have received previous notices for violations will not be approved.

At any time during the resident's absence the family wishes to leave the housing, the Community Management Office must be notified.

¹ In the event of death of an Active Duty Resident, 30 days prior notice is not applicable.

At any time the home is going to be vacant for a period of two (2) weeks or longer, resident must provide Community Management Office with the name(s) and phone number(s) of the responsible party that the resident assigned to look after the home.

RIGHT OF ENTRY

The Community Management Office has immediate right of entry to homes if emergency conditions are presumed to exist. Such emergency conditions include the risk of substantial damage to the property, or risk of death, injury or illness to humans or animals. Management may also enter, with reasonable notice, to make inspections and/or repairs. See section under Maintenance for details.

UTILITIES

The Rent will include utilities (water, sewer, gas/oil and electric). Once all of the homes in a neighborhood are equipped with electric and/or gas meters, consumption and costs will be tracked for one (1) year. An average consumption will be determined for each type of unit in each neighborhood. This average will be considered the Resident Utility Allowance. Balfour Beatty Communities will decrease the Resident Rent Allotment by the amount and list it on account as a Resident Utility Allowance.

It is the resident's responsibility to make arraignments for TV cable, Internet access and telephone services. Phone numbers for such service providers are located in the reference section at the end of this guide.

MAINTENANCE

OFFICE HOURS

The Service Request Desk is open Monday through Friday from 8:00 a.m. to 5:00 p.m. After hours, an answering service is available for the reporting of emergency requests.

ENERGY AND CONSERVATION

The goal of energy and water conservation is to ensure that the essential needs of all residents are provided without waste. Energy conservation is a key element in Tyndall Air Force Base's effort to become energy efficient. Residents are responsible for practicing energy conservation to avoid waste. The following tips are suggested for residents to conserve and reduce energy consumption without sacrificing comfort:

- Limit thermostat settings to no higher than 68 degrees for heating and no lower than 78 degrees for cooling.
- Turn off or restrict the use of lighting for porches, carports, patios, and entrances, except when required for safety or security.
- Turn off or curtail the use of decorative lighting inside and outside.

- Use drapes, blinds and shades to allow entry of sunlight in the heating season and provide shade during hot weather.

- Use the lowest wattage lamp consistent with needs and turn off lights in unoccupied rooms.

- Operate kitchen exhaust fans to reduce cooling loads imposed by cooking appliances during the summer months.
- Ensure that filters are changed during the scheduled Preventative Maintenance inspections or sooner.
- Do not obstruct duct outlet registers.
- Lower heating thermostats 5-10 degrees at bedtime.
- Use the shower in lieu of the tub for bathing.

- The electric and gas bills will be paid by the Landlord until all housing units are individually metered with the exception of units being conveyed on a 7-year lease agreement (these units will not be metered). Until 12 months of metered usage has been established, the resident will pay the Landlord their full BAH to cover rent and utilities. After the initial 12 months of metering has concluded, Balfour Beatty Communities will establish a portion of the BAH as a Resident Utility Allowance. Resident's will then become responsible for utility usage that exceed their monthly utility allowance or receive a credit for conserving and using less than their allotted utility allowance.

HOME INSPECTIONS

Periodic inspections of homes will be conducted, as there is a preventative maintenance program to maintain and assess HVAC systems, appliances, smoke detectors, safety systems, and carbon monoxide detectors. Residents will be notified via newsletter, fliers and postings on their housing website at www.tyndallfamilyhousing.com as to which day's maintenance personnel are scheduled to be at the resident's home to perform preventative maintenance. If the resident has a "Release to Enter" on file, it will not be necessary for the resident to be home in order to have the work performed. If the resident does not have this "Release" on file, the technician will leave a door hanger note indicating their attempt to perform the work and asking that they call to reschedule. All homes must be inspected at a minimum of two times per year to ensure that the fire and safety systems are operating properly.

LOCKS & KEYS

Only the residents listed on the Lease and providing valid identification will be issued keys to the home. Residents shall not remove or add any locks or devices at the Premises without the prior written consent of Landlord.

Should keys become lost, immediately notify the Community Management Office. The lock will be changed, and the resident will be assessed a \$50 replacement fee for each lock.

- Flower Gardens: Residents may plant annual and/or perennial flower gardens in beds in front and rear of their homes. Authorization is required prior to any significant alterations made to the existing landscaping. Resident must submit the plan in writing to the Community Management Office along with the Request for Alteration form. Plantings may not cause damage to or interfere with gutters, downspouts, windows, doors, screens, roofs, privacy fences or other structural parts of the building or interfere with air conditioners. The resident, at their expense, will return the altered area to its original condition prior to vacating housing. Residents in newly constructed areas that remove landscaping plants will be charged for those plants.
- Vegetable Gardens: Residents may plant small vegetable gardens within fenced back yards only. Areas used for gardening will be returned to original condition with grass rooted prior to vacating and will be at the resident's expense.

Watering of lawns: You may water your grass any 3 days of the week that you choose excluding Monday. We ask that you not water on Monday. In keeping with the spirit of water conservation we ask that you water between 0500-0900 and 1800-2200 and to water only 3 days per week. This schedule is good for May through September. For April and October please limit your watering to twice per week observing the same times. From November through March you may water twice a month when the temperature is above freezing. HURRICANE SHUTTER INSTALLATION

In the event of an advancing hurricane or other extreme weather event, you may receive instructions by your community management team or the installation command to take certain actions to prepare and safeguard your family and possessions from damage, injury or loss that can be result from the high winds and rising water associated with these weather systems. This may in some cases include an evacuation order depending of the forecasted severity of the weather system.

Some of our homes may be outfitted for the installation of hurricane shutters. For a variety of reasons Balfour Beatty Communities does not make use of hurricane shutters and “will not” install these on homes in the community during such weather events. Where they may exist on homes in our community, BBC strongly discourages residents from attempting to install the hurricane shutters on their residence for safety and liability reasons. Failure to install these shutters properly can cause personal injury and significant property damage for which the resident could later become liable.
