

Yes, bears live on Tyndall!

Bears are in wooded areas of Tyndall, but can enter cantonment and housing areas in search of food.

Secure all trash dumpsters and garbage cans!

Noncompliance creates a public nuisance and can result in citations and/or the death of the bear.

Please do your part to avoid this!

Tips:

- Housing garbage pick-up days are **MONDAY** and **THURSDAY!**
- Keep garbage cans in garage or shed!
- Bring your garbage can to the curb in the **MORNING ONLY!**
- **USE** your wildlife resistant lid!
- Feed your pets indoors!
- Take down wildlife and bird feeders!
- Degrease and thoroughly clean barbecue grills. Store in a shed or garage when not in use!
